Report of Principal and School Improvement Council

This has been an exciting school year at Homewood Elementary School with a focus on reading, math, and technology integration. Our faculty, staff, and community are proud of the progress our students have achieved. We were recently named as a Red Carpet School and recognized for closing the achievement gap.

We continue to soar to new heights of excellence! We are proud to share that 89% of our Kindergarten students ended the year reading at level 3 or higher. Approximately 81.9% of our first grade students were reading at level 16 or higher. We attribute this growth to increased staff development on reading comprehension strategies and progress monitoring.

Our use of Reading Mastery Plus and Corrective Reading programs in our primary and elementary resource and self-contained classrooms help identified students with decoding and comprehension. Other beneficial programs, such as Reading with Meaning, Top Reader's Club, Read Naturally, and Chuck Wagon Bill's Grammar programs, are used as intervention tools with students in grades 1-5 in our computer lab. We use academic tutors to target small group instruction for students who need additional assistance during the school day. In an effort to assist our struggling readers in first grade, a Reading Recovery teacher was hired. We have seen phenomenal reading growth with these students receiving intensive reading instruction.

Our PTO has been instrumental in providing funding for the purchase of 20 Smart Boards for teachers in grades 3-5. Our staff has risen to the challenge to use additional technology, with more than 20 teachers participating in the District sponsored laptop initiative to integrate technology in the curriculum.

Students from Coastal Carolina University served as mentors for 20 fourth and fifth grade students. Many of these students became role models in their grade level as a result of their interaction with their mentors. Our School Improvement Council strongly supports our mentor program. In an effort to meet the diverse needs of our fathers, we have implemented a bi-monthly fathers' workshop (PAPA: "Participating Actively in Parenting is Awe-inspiring"). These engaging hands-on workshops target key issues that men face in educating their child.

In an effort to increase parental involvement at our school, our school hosted a semi-formal dance, with at least 500 parents attending this school-wide family function; hosted a fall Family fitness night event; scheduled a hands-on family curriculum night (with a focus on math), and a spring fling.

We look forward to another successful year at Homewood. We know that with the right attitude, we can only expect to keep soaring to new altitudes!
